

CASE STUDY

Bruce-Grey Catholic District School Board

Educational Organizations

MISSION:

Committed to delivering a vibrant Catholic education. They ensure quality learning experiences through community partnerships and that nurture each student in body, mind and spirit and embrace the teachings of Christ, giving witness to Gospel values.

WHAT WAS HOLDING THEM BACK?:

Not much efficiency in their finance system such as the ability for more flexible and accurate reporting capabilities, which are crucial for school boards to maintain their funding, their Payroll solution was outsourced to a third party vendor which caused bottlenecks and significant strain on the department.

HOW WE HELPED:

Got the HR/Payroll suite, including employee management and advanced scheduling tools.

HOW THEY NOW LEVERAGE TECHNOLOGY TO SERVE MORE PEOPLE:

Use an "electronic filing cabinet" which allows users to tag documents with unique, retrievable codes. HR/Payroll employees have also been freed up from all the time they used manually filing and can do higher-priority work such as analysis. The new employee self-serve portal has also improved the school board's efficiencies.

It's rare to have such a strong solution provider that genuinely cares about its customers. It's a long term partnership that we both very much benefit from.
